MESSAGE FROM THE DIRECTOR GENERAL

2021 continued to present unprecedented socio-economic challenges that were largely triggered by the COVID-19 pandemic. While these headwinds continued to impact the momentum of FDI inflows and economic growth of the country, the importance of the BOI's contribution to the stability and growth of the national economy gained prominence more than ever before. In a scenario where the country's foreign earnings were severely impacted as a result for the tourism downturn and foreign worker remittance contraction, it became of paramount importance to protect and advance national exports, 64 per cent of which is accounted for by BOI enterprises. By proactively representing the interests of its enterprises in various forums as well as proactive facilitation, including employee care through the establishment of intermediate Covid-19 treatment facilities, the BOI was able to minimize disruptions to its company operations. As a result, despite the overwhelming macro challenges, the BOI was able to ensure that exports by its enterprises grew not only by 23 per cent in 2021 in comparison to 2020, but also grew by 2 per cent in 2021 compared to pre-pandemic levels of 2019. In turn, the BOI contributed to over 83 per cent of the country's industrial exports in 2021.

Moreover, 2021 was a year where the focus was largely to recover from the after effects of the downturn in 2020 while regaining FDI momentum through the implementation of targeted strategies. In 2021, the BOI continued to implement the interim corporate strategy launched in 2020, and implemented some of the key policies and action plans that were required to attract targeted foreign investment into the country. Accordingly, the BOI was able to realize a FDI inflow of US\$ 780 Mn in 2021 vs US\$ 687 Mn in 2020. We were also able to approve 126 investment projects (Vs. 144 in 2020) including expansions with an aggregate investment value of US\$ 2.57 Bn. With these approvals, in 2021, the BOI recorded the highest ever FDI approvals in a given year (when proceeds from the divesting of national assets are excluded) amounting to US\$ 1,741 Mn. As macro-economic challenges hopefully ease over the next several years, these approved projects can be expected to yield a greater

FDI realisation in the future bringing in an export driven trade deficit offsetting hard currency capital infusions to the national economy.

During the year, BOI established two industrial zones dedicated for Pharmaceutical Sector and Textile Manufacturing at Arabokka in the Hambantota district and Eravur in the Batticaloa district respectively. Identified as Strategic Development Projects, the two zones cater to niche local and foreign investors in the specific sectors of national importance, offering attractive and unique location-based tax incentives and concessions.

One of the key investment promotion initiatives undertaken by BOI last year was the first ever Sri Lanka Investment Forum held virtually in collaboration with the Ceylon Chamber of Commerce and the Colombo Stock Exchange to globally promote FDI and capital market investments in Sri Lanka. The forum, the first of its kind in Sri Lanka, brought together over 5,000 local and foreign participants from 85 countries and consisted of over 100 sessions where a platform was provided for government and private sector stakeholders, global experts and advisory firms to share, interact and exchange views, policies, ideas and knowledge, facilitating one-on-one engagement between investors and authorities. At the same time, progressive steps were undertaken to alleviate some of the key policy hindrances that curb the optimized potential of the BOI in investor facilitation, such as enabling powers of the BOI, streamlined and consistent concessions, reforming the visa policy of expatriates to name a few.

As a part of operational streamlining, various digitization programmes were launched and many such were successfully implemented facilitating and accelerating investment approval and customs clearance related processes. It is noteworthy to mention that almost all of these initiatives were planned, designed, developed and implemented with in-house talent with the collaboration of relevant functional staff. Such initiatives have enabled the BOI to significantly improve the Ease of Doing Business in terms of operational ease, transparency, accountability as well as reduce time and costs.

None of these would have been possible if not for the guidance of our very capable Board, dedication and support of the BOI team, our loyal investors, and line agencies. I take this opportunity to extend my heartfelt gratitude to all of them for their contribution to the BOI and to the nation's development drive.

Pasan Wanigasekara

PROFILES OF BOARD OF DIRECTORS 2021

Mr. Sanjaya Mohottala
Chairman

Mr. Sanjaya Mohottala is the Chairman of the Board of Investment and he also serves as a Board Member of the Sri Lankan Airlines, the Export Development Board & Sahasya. He's also a member of the Presidential Task Force for Economic Revival & Poverty Eradication.

Prior to joining BOI, Mr. Sanjaya Mohottala was a Managing Director and Partner at the Boston Consulting Group with experience in Indo-Pacific, the EU and the US. He has advised Principal Investors and Private Equity (PIPE) clients, Sovereign Wealth Funds (SWF), global MNCs, regional and local companies, with detailed and macro experience in M&A, investments, corporate development, strategy, re-organization, go to market, digital venturing and large-scale restructuring. Prior to that, Mr. Mohottala worked as a Brand Manager at Unilever Sri Lanka and as a Oracle Product Specialist at MillenniumIT.

Mr. Mohottala received his MBA from the UCLA Anderson School of Management as a Full-bright Scholar, and holds a BSc, in Electronics and Telecommunication Engineering (with Distinction) from the University of Moratuwa Sri Lanka. He is also a Management Accountant (CIMA - UK) and has a Post Graduate diploma in Marketing from the Chartered Institute of Marketing (CIM - UK).

Dr. Harsha Cabral, PC
Board Member

Dr. Harsha Cabral, PC is a President's Counsel in Sri Lanka with over thirty-three years' experience in the field of Company Law, Intellectual Property Law, Commercial Law, Securities Laws, International Trade Law & Commercial Arbitration. He has been a President's Counsel for sixteen (16) years and commands an extensive practice in the Commercial High Courts and the Superior Courts of Sri Lanka. He holds a Doctorate in Corporate Law from the University of Canberra, Australia.

Dr. Cabral is a Sitting Member of the International Chamber of Commerce (ICC), International Court of Arbitration in Paris and a Representative Member of the Federation of Integrated Conflict Management (FICM) as well as a Representative Member of the International Commercial Disputes Tribunal (ICDT). He is also a Fellow of the Institute of Chartered Secretaries & Administrators (UK).

Mr. Sanjay Kulatunga
Board Member

Mr. Sanjay Kulatunga has a Master of Business Administration from the University of Chicago Booth School of Business. He is also a CFA Charterholder.

Mr. Kulatunga, a former Regional Analyst at Jardine Fleming Hong Kong, was a Founder Director of Amba Research Lanka, a knowledge process outsourcing company. He has held the positions of CEO, Executive Director and Founder in assorted industries, including manufacturing, leisure and finance. He has served as President of the CFA Society of Sri Lanka, a Commissioner of the Securities and Exchange Commission of Sri Lanka and on the Financial Sector Stability Consultative Committee of the Central Bank of Sri Lanka.

Dr. Harsha Subasinghe
Board Member

Dr. Harsha Subasinghe is the Founder, President and Chief Executive Officer of CodeGen Group of Companies, based in Sri Lanka, UK and in the USA. The company is renowned for delivering innovative, fully scalable, high- performance solutions for multiple industries such as travel, education, automobile, transportation, agriculture, energy, and healthcare and world renowned brands such as TravelBox, Vega, chargeNET, AiGROW and Cloud Smart School. CodeGen is one of the largest private sector investors in Artificial Intelligence in Sri Lanka. Dr. Subasinghe has very proudly put Sri Lanka on the world map time and time with CodeGen's cutting- edge product designs and solutions.

Dr. Subasinghe plays a vital role in energising the innovation culture within Sri Lanka. He works with state universities as a key sponsor for many R & D projects, inducing QBITS Labs initiative with the sole objective of shaping the future generation to be industry-ready while facilitating real- world projects that deliver high value IP. QBITS Lab at the University of Moratuwa provides a 3-year working PhD for its students.

Dr. Subasinghe is one of the key initiators and the Vice Chairman of the Trace Expert City. Trace spearheaded a long-term project with the Sri Lanka UDA, to build world-class workspaces equipped with eco-friendly surroundings and facilities for the highly skilled workforce in the innovation sector to build extraordinary products here in Sri Lanka.

Dr. Subasinghe's academic qualifications include a PhD research in Artificial Intelligence and Software Agents, Master's in Information Technology and Bachelor's degree in Electrical and Electronics, Computer Engineering from the United Kingdom.

Mr. Jayamin Pelpola
Board Member

Mr. Jayamin Pelpola has over 10 years of experience in International Investment Banking and Asset Management including Goldman Sachs (UK) and Nomura USA. He is the only Sri Lankan to have worked in the coveted Principal Strategies group at Goldman Sachs, a team recognized for its creative and highest yielding investment strategies at the Wall Street. During his career, Mr. Pelpola has structured and managed international investments worth more than US\$ 20 Bn in various sectors and countries.

As a senior consultant, Mr. Pelpola has also advised US banks and International Central Banks on banking sector reforms. Specifically, he advised the regulators and the Board of Directors of the Bank of America, DBS, Wells Fargo and the Deutsche Bank on capital adequacy decisions, recapitalizations and the application of digital innovations in banking.

Building on his finance sector experience, Mr. Pelpola entered the financial technology (Fintech) space as an investor and an entrepreneur. He started his entrepreneurial journey by developing a proprietary model to value non-traditional assets and selling it to a Wall Street bank.

Mr. Pelpola was also the Founding President of Moneyworkz Technologies, a company recently recognised as one of the best fintech startups in Asia for its work in applying technology and data science to the financial sector.

Currently, he also serves as the Chairman of Jayaru Trade Partners and a Director on the Board of Ceylon Eco Spices. Jayaru Trade Partners provides infrastructure, financing and processing services to global commodity markets. Ceylon Eco Spices is a leading Sri Lankan exporter of durable agricultural commodities serving more than 10 international markets.

Mr. Pelpola received his Masters in Business Administration (MBA) from the Harvard University. He also obtained his charters from the CFA Institute (USA) and CIMA (UK). Mr. Pelpola became the youngest CIMA Management Accountant in the world at the age of 20. He was also the youngest CIMA prize- winner at the time. He also received his Postgraduate Diploma in Marketing from CIM (UK).

Our Vision

**“To make Sri Lanka the most
Preferred Destination for
Sustainable Investment in Sri Lanka.”**

Our Mission

“BOI will work in a positive and speedy manner to fulfill Sri Lanka’s potential to attract and retain quality investments that lead to an enhanced export base, bring more and better jobs, and enhance knowledge and skills through new technologies and innovations.”

Core Values

◆ **Passion for Performance and Achievement:**

BOI will set and achieve ambitious but realistic investment and job creation goals.

◆ **Bridging the Public and Private Spheres:**

BOI will take pride in facilitating, securing and growing investments that help our economy to prosper. We will collaborate and partner with public and private bodies to deliver our mission, while contributing to theirs.

◆ **Integrity & Professionalism:**

BOI will be dedicated to understanding the needs of investors and will deliver timely, commercial and innovative solutions. We will place integrity, honesty, sincerity, reliability, trust, fair treatment, respect and care at the heart of this dedication.

◆ **Superior Customer Service:**

At level which are proactive and significantly better than competing FDI Locations.

◆ **People:**

BOI will value the competence, collaboration, dedication and commitment to excellence of its people. We will continually focus on making BOI a great place for staff to work, develop and succeed.

BOI PROFILE

Incorporated in 1978, the Board of Investment was constituted with a mandate to function as the focal point for investment promotion; diversify and increase foreign exchange earnings; encourage and foster the establishment of industrial and enterprises within the Republic through zone development; and in due course, widen and strengthen the base of the economy.

Recognised as a key institution that drives the economic development of Sri Lanka, the Board of Investment attracts foreign direct investment contributing to sustainable economic growth by creating skilled and niche job opportunities, generating exports, and enhancing technology and skill transfer to the country. From the first Export Processing Zone (EPZ) established in 1978 at Katunayake, today, there are 15 EPZs Island wide providing all the necessary infrastructure facilities, such as electricity, water, transportation, communication and waste disposal facilities, required for the establishment of industries.

◆ Propose

It is the purpose of BOI to serve the nation by implementing national economic policies, driving foreign investment and creating a conducive investment climate. It strives to achieve sustainable foreign investment creating export revenue and manifest Sri Lanka as a sought out international investment destination.

◆ Objectives

The key objectives of the BOI aim to: foster and generate economic development; widen and strengthen the base of the economy; encourage and promote Foreign Direct Investments; diversify the sources of foreign exchange earnings and increase export earnings; encourage and foster the establishment and development of industrial and enterprises within the Republic.

◆ Role

- To target and attract investments for priority sectors supporting implementation of the Government's investment policy and progressively increase the level of FDI, contributing towards achieving national growth targets.
- The BOI acts as the first point of contact for investors who intend to set up projects in high value added/ high-tech manufacturing, high value-added apparel, IT enabled services, tourism, food processing, logistics, education and large-scale infrastructure or other chosen sectors in Sri Lanka. Information and guidance are provided and approvals required from other Line Agencies are coordinated by the BOI to facilitate investors.
- Investment applications in respective sectors are evaluated by the BOI to approve project proposals, grant concessions and facilitate visa issuance for expatriates.
- The BOI provides assistance to investors throughout the project cycle from start-up to implementation and successful operation of the project, by facilitating and attending to import/ export clearance for import of capital goods and raw materials and the export of final products.
- The BOI develops Export Processing Zones with readily available infrastructure facilities to provide investors with suitable sites for the implementation of projects within a minimum period of time.

BOI MILESTONES

- 1978 ➤ Greater Colombo Economic Commission (GCEC) was established under the Parliament Act No. 04 of 1978.
- Establishment of the Katunayake Export Processing Zone in 1978 which is the first and largest zone maintained to date.
- 1986 ➤ A Job Bank was set up by the GCEC to assist Zone Enterprises.
- Establishment of the Biyagama Export Processing Zone in 1986 as the second zone of the BOI.
- 1990 ➤ Foreign Investment Advisory Committee & the GCEC were merged together, and GCEC became the sole authority to approve foreign investments in Sri Lanka.
- 1991 ➤ Establishment of the Koggala Export Processing Zone for development of the Southern Province.
- 1992 ➤ The Board of Investment of Sri Lanka (BOI) was incorporated as a statutory body under the Act No: 49 of 1992 and the BOI was established as the successor to the GCEC.
- "200 Garment Factory Program" was introduced to minimise unemployment under the Government Regional Development Program.
- 1995 ➤ Establishment of the Kandy Industrial Park.
- 1998 ➤ Amalgamated the Board of Investment with the Bureau of Infrastructure Investment (BII).
- Establishment of the Mirigama EPZ and the Malwatta EPP.
- 1999 ➤ Establishment of the Horana EPZ and the Wathupitiwala EPZ.
- 2000 ➤ Establishment of the Polgahawela EPZ, Mawathagama EPZ and the Mirijjawila EPZ.
- 2001 ➤ Acquired Seethawaka Zone to the Board of Investment of Sri Lanka as Seethawaka EPZ.
- 2006 ➤ "300 Enterprises Program" was launched with the objective of taking industries to the rural sector.
- 2008 ➤ BOI Head Office was permanently established at the World Trade Centre, Colombo by purchasing 09 floors of the WTC.

- The BOI Jaffna Office was established.
- 2011 ➤ Achieved the FDI target of US\$ 1 Bn.
- 2013 ➤ BOI is the main organizer for the "Commonwealth Business Forum" which was held in parallel with the "Commonwealth Heads of Government Meeting (CHOGM) 2013".
- 2014 ➤ BOI sponsored the "Asia Pacific Business Forum 2014".
- 2017 ➤ The 40th Anniversary celebration of BOI.
- 2018 ➤ Highest ever FDI Achieved US\$ 2.37 Bn.
- 2019 ➤ Establishment of the Bingiriya EPZ
- 2020 ➤ Initiated the development of 2 new specialised zones at Eravur & Arabokka.
- 2021 ➤ Conducted the first ever Sri Lanka Investment Forum with over 5,000 local and foreign participants from 85 countries virtually.

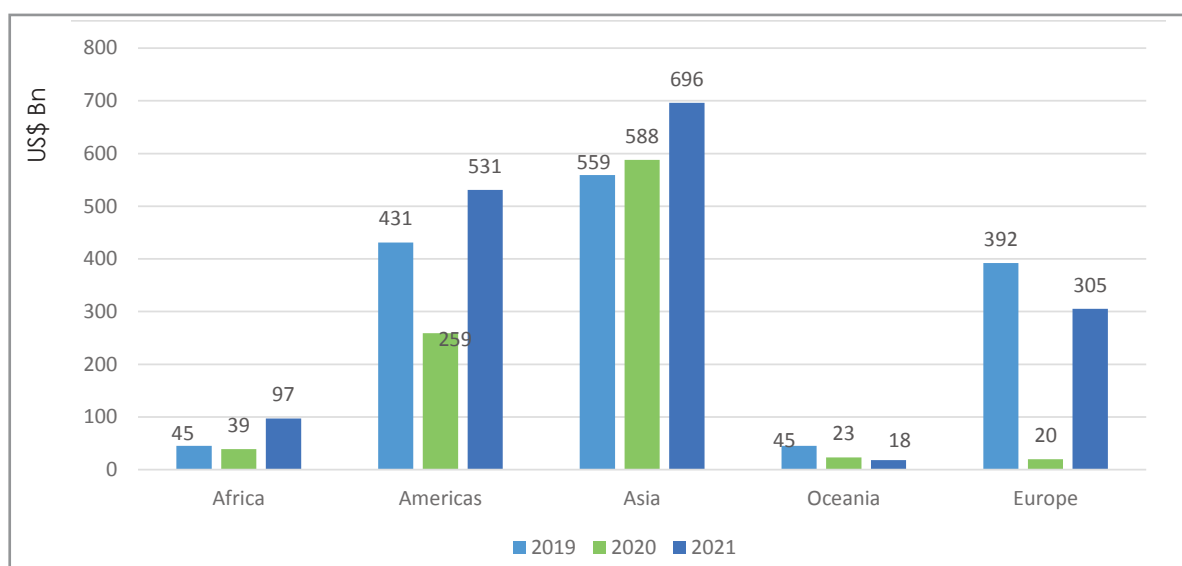

WORLD INVESTMENT SCENARIO 2021

As anticipated, global foreign direct investment (FDI) rebounded by 77 per cent in 2021 reaching an estimate of US\$ 1.65 trillion, from its sporadic value of US\$ 929 Bn recorded in 2020, following the COVID-19 outbreak. This value has surpassed the pre-pandemic level of US\$ 1.54 trillion logged in 2019.

While there was an overall increase in global FDI and an up scaled recovery was recorded, the recovery growth is significantly uneven when region and sector wise breakdowns are compared. While developed countries were able to attract and record almost three quarters of the total increase in global FDI flows, developing economies and especially the least developed countries only saw a modest growth recovery.

The biggest rise was seen among the developed countries US\$ 777 Bn in 2021, with a threefold increase marked in comparison to the exceptionally low levels in 2020. Of this, more than 80 per cent of European inflows were due to large swings in conduit economies, while the doubled inflows of USA was largely accounted due to cross-border mergers and acquisitions (M&As).

FDI Inflows 2019 - 2021 (Billions of Dollars)

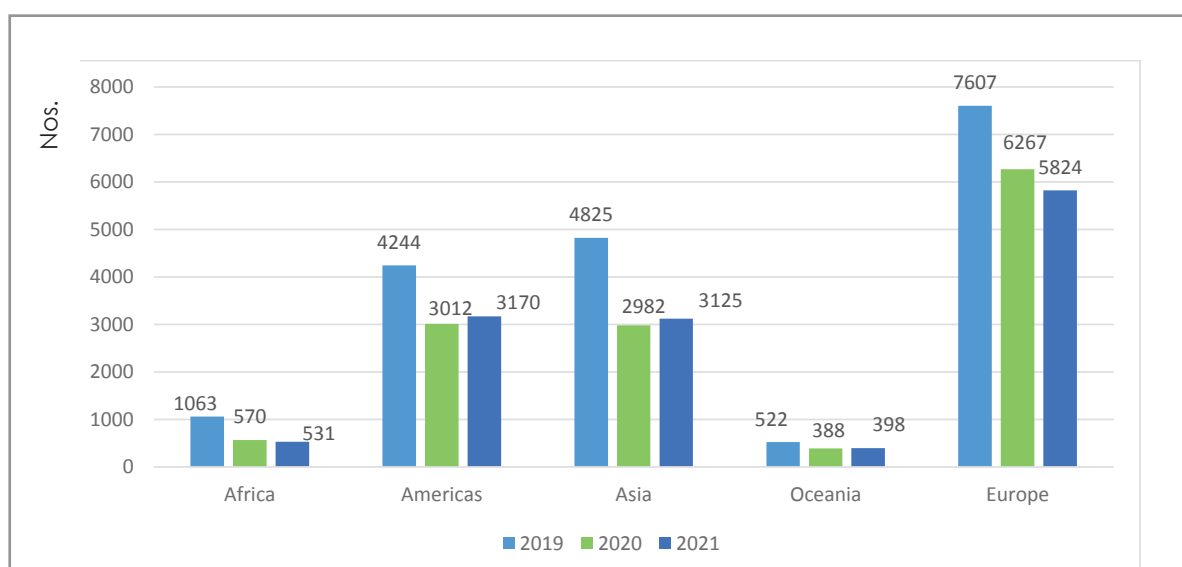

Source: UNCTAD (Investment Trend Report, January 2022)

FDI flows to developing countries increased by 30 per cent nearing to a total of US\$ 870 Bn with a growth acceleration centred in East and South-East Asia. Although South Asia increased its FDI inflows in 2020, it was the only sub region within Asia to mark a negative growth rate of FDI in 2021, with total FDI inflows in 2021 dropping by 24 per cent, when compared to the preceding year. Latin American and Caribbean regions too managed to recover closely to their pre-pandemic levels.

Reinforced by long-term financing conditions, recovery stimulus packages and overseas investment programmes, international project finance deals were up by 53 per cent and as such, the infrastructure sector rose 91 per cent in value, with significant increases in high-income regions, Asia, Latin America and Caribbean. Project finance in infrastructure now exceeds pre-pandemic levels as a result, especially in renewable energy and industrial real estate sub-sectors.

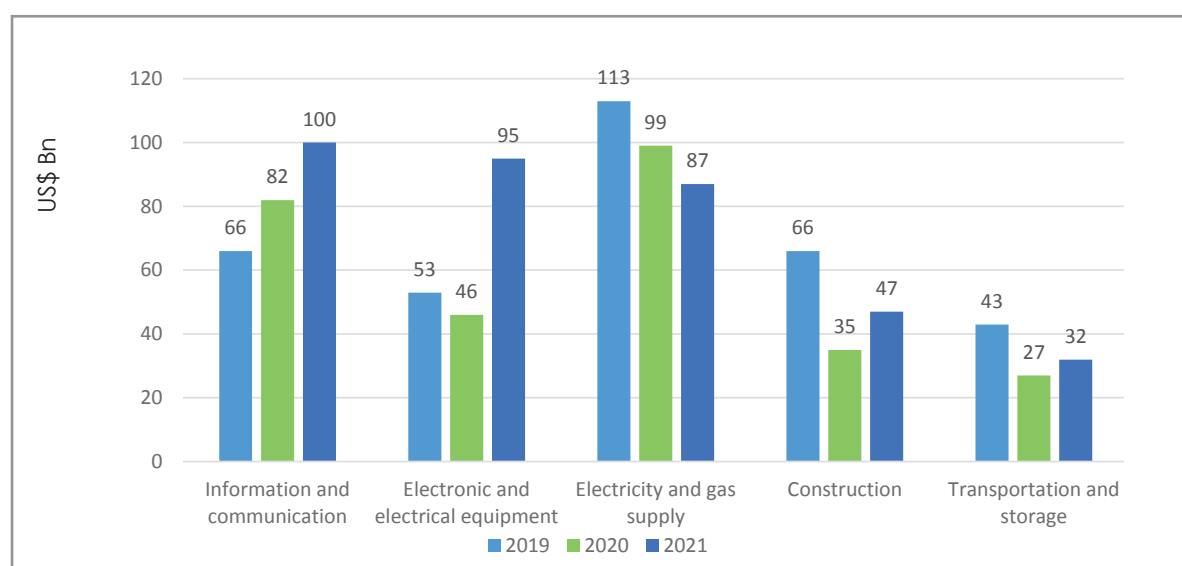

On the contrary, greenfield investment project announcements in industry and global value chains were almost non-existent, marking only a 7 per cent increase in value. The number of new projects commenced in the global value chain intensive industries fell even further. Accordingly, greenfield investment activity continues to remain 30 per cent below pre-pandemic levels on average across all industrial sectors, with the exception of Information and Communication / Digital sector which has made a full recovery.

Announced Greenfield Projects, 2019 - 2021

Source: UNCTAD (Investment Trend Report, January 2022)

Announced Greenfield Projects, by Selected Industries, 2019 - 2021 (Billions of Dollars) - Top 5 Industries in Value Terms

Source: UNCTAD (Investment Trend Report, January 2022)

United States, maintaining its status as the largest host economy increased its FDI by 114 per cent in 2021 to US\$ 323 Bn, with cross-border merger and acquisitions almost tripling in value. European Union too experienced a 8 per cent increase in FDI flows, while China saw a 20 per cent increase in FDI inflows marking US\$ 179 Bn, and Brazil doubling its FDI to US\$ 58 Bn from low levels recorded in 2020. On the other hand, flows to India were lowered by 26 per cent, since merger deals followed through in 2020 were not repeated.

Looking ahead at 2022, trend of global FDI seems favourable with rebound growth of 2021 likely to be repeated. The underlying trend of new conduit flows, one-off transaction and intra-firm financial flows will remain relatively muted like in 2021, while international project finance in infrastructure sector will continue to provide growth momentum. However, this is not without its own preconceived risks and uncertainties such as the pandemic mutations from time to time, pace of vaccinations, labour and supply chain bottlenecks, energy prices and inflationary pressures.

HIGHLIGHTS

126 approvals granted for investments worth of **US\$ 2.56 Bn**
(36 New Projects & 90 Expansions)

US\$ 821 Mn for a Project to construct & operate a four lane elevated highway

US\$ 651 Mn investment agreement signed for the project to develop and operate the Colombo West Container Terminal

US\$ 780 Mn FDI inflow & **US\$ 1,052 Mn** local investment during the year

US\$ 8.8 Bn Merchandise and Services Exports
(64% of National Merchandise Exports & 83% of National Industrial Exports)

2 EPZs are ready to invest exclusively for Pharmaceuticals and Textile manufactures

Exports of BOI Enterprises

Total exports of BOI enterprises in the year 2021 was recorded as US\$ 8,788 Mn which accounted for 64 per cent of National Exports and 83 per cent of National industrial Exports. Out of the total exports of BOI enterprises, 60 per cent was from the Apparel & Textile Sector while 13 per cent was from the Rubber sector, 5 per cent was from the Food & Beverages sector, and 3 per cent was from the Electronic & Electrical Sector. The Services sector contributed 8 per cent of total exports of BOI enterprises.

Merchandise Export (US\$ Mn) 2020 vs 2021

Significant Investments in 2021

Infrastructure

- BOI approved US\$ 821 Mn worth of investment from China to construct and operate a four lane elevated highway.
- BOI approved US\$ 651 Mn worth of investment with the Adani Group, India to develop and operate the Colombo West Container Terminal.
- BOI Signed an agreement worth of US\$ 27.5 Mn with Rakna Araksha Lanka Ltd to set up a mixed development project at Colombo 04. Currently, the project is under construction.

Rubber

- BOI approved and signed an agreement for an investment worth of US\$ 20 Mn with an investor from USA to set up a project to manufacture Latex mattresses.
- BOI approved and signed an agreement for an investment worth of US\$ 20 Mn with Global Rubber Industries (Pvt) Ltd for an expansion project to manufacture solid & pneumatic tyres.

Other Manufacturing

- BOI approved and signed an agreement for an investment worth of US\$ 58 Mn with an investor from Maldives to set up a project to build / assemble boats / yachts.

Apparel & Textiles

- BOI approved two Investments worth of US\$ 35 Mn and US\$ 30 Mn from India and USA respectively, to set up two textile manufacturing plants to be located at the Textile Manufacturing Zone in Eravur.
- Omega Line Ltd and Hayleys Fabrics PLC have implemented two expansion projects worth of US\$ 24 Mn and US\$ 23 Mn respectively in the year 2021.

Tourism & Leisure

- BOI signed an agreement worth of US\$ 27 Mn for a joint venture with Japan to set up Colombo International Airport Hotel with 184 rooms. Currently, the project is under construction.
- BOI signed an agreement with Melwa Hotels & Resorts (Private) Ltd for an expansion project worth of US\$ 52 Mn.

Telecommunications

- Sri Lanka Telecom signed an agreement with BOI worth of US\$ 155 Mn for an expansion.

RECENT INITIATIVES

A comprehensive strategy was developed by BOI in March 2020, which has defined clear and actionable investment attraction priorities coupled alongside realistically articulated timelines. The new strategy aimed at transforming the economic landscape of Sri Lanka and curating a conducive investment climate. This strategy, therefore, has been developed focusing on two main aspects. One being "Country Attractiveness" and other being "Revamping BOI" and was conceptualised through a 7-pillar approach focused on prioritised sectors, with a structured approach to attract target-oriented foreign direct investments (FDIs) and spur economic growth.

The Prioritised Six Broad Sectors are:

Manufacturing	ICT	Hospitality and Tourism	Agriculture and Food processing	Other Services	Construction, Infrastructure and Logistics
<ul style="list-style-type: none"> - Pharmaceutical - High value-added Apparel - Electronics and Electricals 	<ul style="list-style-type: none"> - Software Development - BPM/KPM, - IT Training, Education, and Emerging Technologies 	<ul style="list-style-type: none"> - Agro and Eco Tourism - Adventure Tourism - Luxury Hotels - MICE Tourism 	<ul style="list-style-type: none"> - Rubber - Agriculture and Agro Processing Food - Fisheries 	<ul style="list-style-type: none"> - Regional HQ - Financial Services - Trading - Maritime - Universities 	<ul style="list-style-type: none"> - Rapid Transit Ports, and Airports

While, ICT, Hospitality and Tourism sectors have been identified as "Game-changers", Agriculture and Food Processing sector is key to ushering rapid and inclusive growth in the new roadmap. The other high potential areas identified are;

- Pharmaceuticals sub-sector: 400-acre zone to manufacture all types of drugs E.g. Biopharmaceuticals, Injectable, APIs, Nutraceuticals, etc.
- Electronics and Electrical sub-sector: take the advantage of future technology platforms such as Graphite and Graphene-based manufacturing, Sensors and Switches, IOT devices, Printed Circuit Boards (PCBs), Electrical Panel Boards, and Mobile Phones etc.
- Infrastructure and Services such as Logistics, Regional HQs, Financial Services, Trading, Maritime & Universities needed to support the growing consumer economy as well as to expand the Manufacturing and Services sectors.

Major Policy Initiatives Undertaken During 2021

1. Establishment of the Pharmaceutical Manufacturing Zone - Arabokka, Hambantota

Having identified the Pharmaceutical industry as a potential industry that could bring Sri Lanka enormous economic & social benefits by providing quality drugs through local supply to the public and earning foreign exchange through exports, establishment of a State-of-the-Art Pharmaceutical Zone has been initiated by the BOI as a Strategic Development Project to attract world renowned investors.

The proposed Pharmaceutical zone has been established in Arabokka BOI Zone in the Hambantota district and would be developed in an area of 400 acres, in two stages. In the first phase of the project, 200 acres of land has been developed to accommodate 20 pharmaceutical companies, whereas in the second phase, a further 20 pharmaceutical manufacturing companies within 200 more acres will be set up.

The process to declare the proposed Pharmaceutical Zone as a SDP project has already been completed and the parliament approval for the same has been granted on 19th August 2021.

Proposed investment incentives under the SDP Act, applicable for Pharma companies established within the zone have been gazetted as follows:

- **Exemption from Corporate Income Tax (CIT)**

- a. For income generated through exports (including deemed exports);

Minimum of 5 years up to a maximum of 10-years tax holiday will be granted based on a pre-defined criterion.

After the expiry of the aforesaid tax holiday period, the prevailing Corporate Income Tax rate applicable for exporters at that time, shall be applicable in respect of the profits generated by the enterprise.

- b. For income generated through import substitution via sales to the local market;

The prevailing concessionary Corporate Income Tax (CIT) rate applicable for exporters at that time shall be granted for a minimum of 5 years up to a maximum of 10-years period based on a pre-defined criterion.

After the expiry of the aforesaid tax concession period, the prevailing Corporate Income Tax rate applicable for manufacturers at that time shall be applicable in respect of the profits generated by the enterprise.

- **Exemption from Import Taxes & Levies**

- a. Importation of construction related items during project implementation period

- Exempted from all taxes and levies (Customs duty, PAL, CESS and VAT)

- b. Importation of Capital items (Plant, Machinery, Equipment)

- Exempted from all taxes and levies (Customs duty, PAL, CESS and VAT)

- c. Importation of raw materials and production/process related consumables

(for both production for export including deemed exports and import substitution via sales to local market)

- Exempted from all taxes and levies (Customs duty, PAL, CESS and VAT)

- **Exemption from Income Tax for Expatriates**

2. Establishment of the Textile Manufacturing Zone – Eravur

The proposed Industrial Zone in Eravur has been established in a land with an extent of 200 acres as a fabric manufacturing park to cater to both local and international markets. It is expected that; this zone will create a tremendous opportunity to the country and to the apparel industry by way of reducing the outflow of foreign exchange for import of fabric and JIT (Just in Time) supply with enhanced delivery speed of raw materials at a comparatively lesser cost. This will also pave way for apparel manufactures to be eligible for concessions, provided by Bilateral and Unilateral Trade Agreements (EU GSP+, ISFTA, SLPFTA), by meeting with Rules of Origin criteria.

It is expected to fast-track the process and to commence operation of the zone during the year 2021 and as of now, one investor has already been locked in an investment of US\$ 35 Mn and several other investors have also shown their interest in establishing fabric mills at the Eravur Zone. Further, an additional 65 Acres of the Eravur Zone will be available for projects from year 2025 onwards.

This Textile Manufacturing Zone will be declared as a Strategic Development Project and Section 3.2 and 3.4 Gazette notifications under the SDP Act have already been published and awaits approval from the Parliament.

Proposed investment incentives under the SDP Act, applicable for the Textile manufacturing companies established within the zone, have been gazetted as follows;

- **Exemption from Corporate Income Tax (CIT)**

Minimum of 5 years up to the maximum of 10-years tax holiday will be granted based on the investment and employment thresholds.

After the expiry of the aforesaid tax holiday period, 50 per cent of CIT applicable for exporters at that time, shall be applicable for 2-5 years based on the above thresholds.

- **Exemption from Import Taxes & Levies**

- a. Importation of construction related items during project implementation period

- Exempted from all taxes and levies (Customs Duty, PAL, CESS and VAT)

- b. Importation of Capital items (plant, machinery, equipment)

- Exempted from all taxes and levies (Customs Duty, PAL, CESS and VAT)

- c. Importation of raw materials and production/process related consumables

- (for both production for export including deemed exports and import substitution via sales to local market)

- Exempted from all taxes and levies (Customs Duty, PAL, CESS and VAT)

- **Exemption from Income Tax for Expatriates**

3. Obtaining SDP Status for a Large Scale Tyre Manufacturing Project

Ceylon Tyre Manufacturing Company has entered into an agreement with BOI in November 2020 to construct a tyre manufacturing plant in a land with an extent of 121 acres within the Hambantota International Port. The factory will start its operations in three years and will generate 2,000 direct employment opportunities. In the first phase it is expected to manufacture semi steel radial tyres and all steel radial tyres needed for trucks, buses and passenger cars and export nine million tyres at capacity. This high-profile project with an envisaged foreign direct investment of US\$ 300 Mn has been declared as a Strategic Development project under the provisions of the Strategic Development Act.

4. Obtaining SDP Status for a Leading Global ICT Project

HCL Technologies (HCL), a leading global technology company, has entered into an agreement with BOI to set up a project to develop software and provide IT related services for the export market with an envisaged investment of US\$ 10.25 Mn. HCL commenced its operation in October 2020, with an initial focus on offering next-generation solutions to serve major blue-chip organizations and will serve its clients across diverse industry verticals: Life Sciences and Healthcare, Banking, Financial Services and Insurance; Telecom, Retail, Consumer, Publishing, Energy & Utility Industries among others.

HCL plans to generate about 3,500 employment opportunities in the coming three to five years and is expected to increase its employment up to 9,000 by 2029, of which 1,500 employees will commence works in Sri Lanka initially.

The process to declare HCL as a Strategic Development Project under the SDP Act has been initiated and cabinet approval has been granted to start the process.

5. The Sri Lanka Investment Forum 2021

The Sri Lanka Investment Forum 2021 based on the theme 'Invest Sri Lanka – Asia's Next Growth Haven', was jointly hosted by the Board of Investment of Sri Lanka (BOI), Colombo Stock Exchange (CSE) and The Ceylon Chamber of Commerce (CCC) to promote FDI opportunities and investment in the Sri Lankan Capital Market globally.

This virtual event was held from 7th to 9th June 2021 and provided a preview of attractive investment opportunities in Sri Lanka across FDI in projects, private equity placements and investment in Listed Corporates. The forum included sessions and presentations by senior government officers, top leadership of public and private companies, global experts, investment bankers, and advisory firms.

Over 40 Large Scale FDI Projects exceeding US\$ 5 Bn were showcased along with 40 equity partnership opportunities.

The event attracted 4,500+ registrations of which 1,900+ investor profiles were identified. Over 150 one-on-one engagements were facilitated between prospective investors and project owners.

6. Other Initiatives

Further, emphasis has been placed on establishing four zones focused on Agro-processing, Electric and Electronic Appliances, Steel & Heavy Industry as well as the ICT sector in Hambantota, Henegama and Sooriyawewa and Mirijjawila respectively.

Budget proposal for 2022 has been submitted to the Treasury requesting for required budgetary allocation for the infrastructure development of the proposed zones.

OUR PEOPLE

HUMAN CAPITAL

We consider our people to be the central force that drives the organization to its success. Our team consists of employees who share a strong sense of public service. Over the last four decades, their collective dedication and commitment has been the foundation on which the BOI has evolved into the strong institution it is today.

The Board of Investment of Sri Lanka consists of a diverse team of employees. Since its early days in 1978, the BOI has provided an increasing number of opportunities for people from various backgrounds.

With investment promotion, regularization and support services being the central operation, the Board continues to be a desired institution for prospective employees who intend to create a promising career in the Government and Semi Government sector.

BOI APPROACH TO MANAGING PEOPLE

The BOI follows strong people centered practices. We ensure that all employees receive fair and equal opportunities in terms of career growth, employee support and professional development.

Our people management practices have ensured continued support for employees throughout their employment at the Board. People Management functions and respective practices are implemented and overseen centrally.

People management functions of the BOI range from recruitment & selection to Human Resources Department, welfare and disciplinary. We emphasize on demonstrating equality, impartiality and ethicality when executing people management practices. The Board of Investment is governed by government rules, regulations and policy decisions. Within these frameworks, the Board ensures that the people management practices are well in place to facilitate employee productivity and job satisfaction as well.

The Board of Investment of Sri Lanka plays a key role in national economy. As one of the few significant national bodies that contribute to the GDP, our employees are well aware of their responsibility in terms of the economic and social wellbeing of Sri Lankan citizens.

The people management functions are all aimed at supporting employees to fulfill their responsibility towards the nation. All of these functions are guided by policies that have been introduced to safeguard government institutions in terms of consistency and credibility.

Through recruitment and selection, we ensure that the right talent is attracted through a transparent process. Human Resources Development and welfare functions ensure that employees receive adequate support in terms of well-being, personal and professional development.

With all support systems in place, our employees are constantly encouraged to conduct themselves with responsibility and discipline. We have strong disciplinary policies in place to ensure that misconduct is addressed promptly, in order to mitigate any potential disruption to values of the BOI.

HUMAN RESOURCES POLICIES

All people practices within the BOI are governed by three comprehensive policies. The policies provide recommendations on best practices the Board should follow under each Human Resource function.

◆ HUMAN RESOURCES POLICY MANUAL

Human Resources Policy Manual governs all practices related to recruitment and selection; probation and confirmation; remuneration; working hours; attendance and holidays; performance appraisal; training and development.

The policy further provides direction in terms of promotions, transfers, demotions, working conditions, grievances and matters concerning trade unions. Compliance with this manual ensures integrity and credibility. Unless a justifiable deviance is allowed under special approval from the Board of Directors, we consistently adhere to the guidelines of the Human Resources Policy Manual.

◆ SCHEME OF RECRUITMENT

All practices under the recruitment function are implemented with adherence to the BOI Scheme of Recruitment. The scheme provides guidelines to be followed and criteria to be met when absorbing talent internally or externally.

◆ CODE OF DISCIPLINE

We encourage professionalism and strong work ethics within the BOI. We are committed to upholding our core values at all times. The BOI Code of Discipline provides recommendations on best practices concerning ethical conduct of employees. The Code of Discipline, under "Code of Conduct" and "Rules of Disciplinary Procedure" provides the necessary procedures to formally address any incident involving misconduct or lapse by employees of the Board.

COMPOSITION OF OUR PEOPLE

Our team in its entirety consists of 1262 members who are attached to the Head Office in Colombo and Export Processing Zones/Parks/Regional Offices located all-around the country.

The BOI structure is made of three employee categories in particular. A 47 per cent of our employment, which is a majority of the entire team, represents the Executive category. The Non-Executive category is made up of Management Assistants and the Preliminary Level Grade staff, with 22 per cent of the entire team being Management Assistants and 31 per cent at Preliminary Level Grade staff.

We continue to maintain a good gender balance among our employees. Equal opportunities are provided for growth and development. 34 per cent of our team is represented by female employees while 66 per cent is represented by male employees. We observe a continuous progress in terms of female representation in managerial positions. 136 Junior Managers, 123 Middle Managers and 24 Senior Managers of our team are females. The BOI has 36 Senior Managers who head departments and Export Processing Zones. 17 per cent of them are female employees while a majority 83 per cent are males. We intend to encourage more females to take over leadership positions within the BOI as we believe gender diversity is important for a progressive organization.

Executives 47%

**Non Executives &
Preliminary Level
Grade 53%**

Our team consists of employees from different educational and professional backgrounds. The diversity of their knowledge continues to benefit the Board tremendously. We have over 400 graduates and over 140 Master's Degree holders. Our talent pool has employees from various academic backgrounds including Business Administration, Science, Arts, Engineering, Public Management, Accounting, Social Science, and Customs Administration. Moreover, we have 59 membership holders of professional bodies.

We believe that continued professional development is highly important especially in the rapidly changing, aggressively competitive business we are in. The Board has introduced policies (comprehensive sponsorship policies, leave policies, and promotion) to support and encourage employees to pursue higher education and professional development.

THE ROLE OF HR

Since the global pandemic struck the country, our journey of growth has become more challenging and strenuous. The country is relying heavily on the Board of Investment in terms of restoring the economic stability.

As HR, we are responsible for the challenging task of supporting our people to deliver the best. During this time that we are trying to fully embrace the new normalcy, HR continues to explore how its role could be best utilized to deliver superior value to employees. We will continue to develop more agile and flexible work practices, focus on capability building, enhance technological innovation and provide the best platform for employees to grow into their best versions.

CORPORATE SOCIAL RESPONSIBILITY

Corporate Social Responsibility (CSR) demonstrates a way of holding a business socially accountable to good ethical practices and sustainable development goals while improving brand image and creating public awareness on social and environmental issues.

While encouraging its companies to actively take part in CSR activities, BOI itself engages in various pillars of corporate responsibility such as environment conservation, diversity and labor practices, and volunteerism.

Initiatives Taken to Minimize the Labour Shortages Issues Faced by Manufacturing Enterprises

BOI initiated several undertakings aimed at addressing labour shortages of its enterprises such as:

◆ **BOI Job Bank Portal**

The BOI has launched the BOI job bank portal in October 2021, as a free service to communicate to the general public of the opportunities available in the job market as a measure of social responsibility.

◆ **Employees Services Units (ESUs)**

Formation and operating of Employees Services Units (ESUs) in each zone to meet job seekers and management representatives of the enterprises where the job vacancies are available. The ESUs resumed its operations in September 2020 after the first wave of COVID-19 pandemic ceased.

◆ **Establishment of Day Care Centres and Pre-Schools**

Establishment of Day Care Centres and Pre-Schools in EPZs provide a tangible solution for employees who are willing to continue their jobs while keeping their kids in a secured place within the zones. This has resulted in reduced high labour turnover and facilitated creating an attractive impression of the zones for new recruits. The Day Care Centres at Katunayake EPZ, Biyagama EPZ & Mawathagama EPZ resumed services since September 2020.

It is during hardships the need arises for companies to execute their corporate responsibilities towards the society most efficiently. COVID-19 presented a platform for the generosity of the corporate sector.

Throughout the COVID-19 pandemic, many companies offered their products and services to uplift the lives of their employees and front line fighters against COVID -19 pandemic. BOI companies provided PPE to armed forces and health authorities. Most of the companies took measures to take care of their employees as well as family members by providing dry rations and even lodging facilities in rented hotels etc. Some enterprises even paid full salary for their employees during lockdown periods. Most of the enterprises spent a huge cost to provide additional transport facilities, sanitizing and PPE for their employees as per the health guideline. Further these enterprises still pay a huge cost for PCR / Antigen tests on their employees as per the guidelines issued by the Ministry of Health.

FINANCIAL HIGHLIGHTS - 2021

Financial Highlights For the Year Ended 31 December 2021	2021 (Rs. Mn)	2020 (Rs. Mn)	Change (%)	2019 (Rs. Mn)
Revenue	4,911	4,251	15.52	4,646
Total Operating Expenses	(3,788)	(3,591)	(5.49)	(3,773)
Operating Profit	1,123	660	70.15	873
Finance Income	330	322	2.48	411
Finance Expense	(10)	(14)	28.57	(11)
Surplus Before Taxation	1,443	968	49.07	1,274
Tax Expenses	(79)	(81)	2.47	(115)
Surplus After Taxation	1,363	887	53.66	1,158
Other Comprehensive Income	82	(75)	209.33	(51)
Total Comprehensive Income	1,445	812	77.96	1,107
Financial Position at the year End (Rs. Mn)				
Total Assets	64,533	53,127	21.46	44,158
Total Equity	62,785	51,868	21.05	42,685

Surplus

The Surplus after tax of the Board for the year 2021 increased to Rs. 1,363.41 Mn from Rs. 886.89 Mn reported in 2020 recording a growth of 53.73 per cent. This is a substantial achievement when compared in context of the challenges posed by operating environment and the difficulties due to the COVID - 19 Pandemic.

Surplus After Tax

LKR Mn

Revenue

Growth in Total Operating Revenue is Rs.659.88 Mn reflecting an increase of 15.52 per cent compared to the previous year. The Operating Revenue for the year under review is Rs.4,911.18 Mn whilst Rs.4,251.30 Mn was recorded for the year 2020. Revenue from ground rent, annual fees, import & export service charges, and income from water are the main contributors to the Operating Revenue of the Board accounting for 92.27 per cent of the Total Revenue. Miscellaneous Income for the period has increased by 121.31 per cent to Rs.227.48 Mn from Rs.102.79 Mn in year 2020. This is mainly due to recognition of Land Premium of closed down factories and compensation received, as income for the year.

Operating Revenue

LKR Mn

Operating Expenses

Total Operating Expenses increased by 5.49 per cent to Rs. 3,788.18 Mn for the year 2021 from Rs. 3,590.87 Mn in 2020. This was mainly due to the increase in the provision for impairment by 258.31 per cent in 2021. The Board's Cost to Income Ratio has decreased from 82.25 per cent in 2020 to 72.85 per cent in 2021 due to increase in Operating Revenue. Depreciation Expenses for the period has increased by 4.87 per cent compared to the previous year due to increase in expenditure on infrastructure development of the Export Processing Zones.

Operating Expenses

LKR Mn

Contribution to Taxes

BOI contribution to indirect and direct taxes for the year amounted to Rs 178.10 Mn which is a growth of 4.64 per cent compared to the previous year. Disallowed VAT Input is recognized as an expense and has increased by Rs 10.33 Mn which is a growth of 11.71 per cent compared to the previous year. Total direct taxes of the Board comprise of Tax on Interest Income.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS

1. *Reporting Entity*

Board of Investment of Sri Lanka is established under Board of Investment of Sri Lanka Law, No 4 of 1978. The registered office and the principal place of organization is located at West Tower, WTC, Echelon Square, Colombo 01.

2. *Basis of Preparation*

2.1 *Statement of Compliance*

The Statement of Financial Position, Comprehensive Income, Changes in Equity, Cash Flow and Notes together with summary of significant accounting policies of the Board have been prepared in accordance with Sri Lanka Accounting Standards (SLFRS) issued by The Institute of Chartered Accountants of Sri Lanka which represent International Financial Reporting Standards issued by the International Accounting Standard Board.

2.2 *Use of Estimates, Judgements and Assumptions*

The preparation of the Board's Financial Statements requires Management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the reporting date. The estimates and underlying assumptions are reviewed on an ongoing basis. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

2.3 *Going Concern*

When preparing the Financial Statements the Management has assessed the ability of the Board to continue as a going concern. The Management has a reasonable expectation that the Board has adequate resources to continue in operational existence for the foreseeable future. The Board does not foresee a need for liquidation or cessation of operations, taking into account all available information about the future. Accordingly, the Board continues to adopt the going concern basis in preparing the Financial Statements.

2.4 *Functional and Presentation Currency*

The functional currency of the Board is determined to be Sri Lankan Rupees and the Financial Statements are also presented in Sri Lankan Rupees.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS (Contd.)

3 *Significant Accounting Policies*

3.1 *Financial Assets*

The Board classifies its financial assets in to loans and receivables and financial assets measured at fair value in investments. The classification is determined by Management at initial recognition and depends on the purpose for which the investments were done acquired and its contractual cash flow characteristics.

(a) *Classification*

(i) *Loans and Receivables*

Loans and Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Receivables arising from ordinary transactions are also classified in this category and are reviewed for impairment.

(ii) *Financial Assets Measured at Fair Value – (Held-to- Maturity Financial Assets)*

Financial assets measured at fair value are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Board's Management has the positive intention and ability to hold to maturity. These financial assets are classified at fair value in the Statement of Income on recognition.

(b) *Impairment*

Financial assets are reviewed at each Statement of Financial Position date, to determine whether there are any expected credit losses. If any such indication exists, the assets recoverable amount is estimated. The Board measures the Expected Credit Losses based on an evaluation across all categories of Financial instruments. These estimates are driven by a number of factors such as time value of money, breach of condition of contract, customer situation analysis, sub group of receivables, payment profiles of debtors, collateral values, the assessment of a significant increase in credit risk, financial difficulties of the customers, legal issues, reasonable and supportable information and forecast of future economic conditions.

An impairment loss is recognized whenever the carrying amount of an assets or it's cash generating units exceed its recoverable amount. Impairment losses are recognized in the Income Statement.

(c) *De-recognition*

Impairment losses recognized in prior period are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is de-recognized if there has been a change in the estimates used to determine the recoverable amount.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS (Contd.)

3.2 *Property, Plant and Equipment*

(a) *Recognition and Measurement*

Property, Plant and Equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials, direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items, and restoring the site on which they are located.

Value of property plant and equipment carried at valuation less accumulated depreciation as at 1st January 2011 have been considered being the deemed cost as at 1st January 2011 as per SLFRS 1 for the Revalued Assets.

(b) *Depreciation*

Depreciation is calculated on the straight-line basis on the cost/ valuation of all items of Property, Plant and Equipment and is recognized in the Income Statement. Depreciation is charged on fixed assets in the year of purchase when it is available for use. Property Plant and Equipment have been depreciated annually over the useful lives. Freehold Land is not depreciated.

<u><i>Class of Assets</i></u>	<u><i>Depreciation percentage per annum</i></u>	<u><i>Period (years)</i></u>
Buildings & Structures	5	20
Plant and Machinery	10	10
Fixtures & Fittings	10	10
Office Furniture & Equipment	10	10
Computers	33.33	3
Motor Vehicles	20	5

(c) *De-recognition*

Items of property and equipment are de-recognised upon disposal or when no future economic benefits are expected from its use. Gain or loss arising on de-recognition of an item of Property, Plant and Equipment is determined as the difference between the sales proceed and the carrying amount of the asset and is recognized in the Income Statement.

(d) *Subsequent Expenditure*

The cost of replacing, developing, constructing part of an item of Property, Plant and Equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Board and its cost can be measured reliably. The costs of the day-to-day servicing of Property, Plant and Equipment are recognized in the Statement of Income and Other Comprehensive Income as incurred.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS (Contd.)

(e) *Gain/Loss from Sale of Property, Plant and Equipment*

Any gains or losses on retirement or disposal of Property, Plant and Equipment are recognized in the period in which the sale occurs and is classified as Other Operating Income or Expense.

(f) *Capital Work in Progress*

Capital expenses incurred during the year which are not completed as at the Statement of Financial Position date, are shown as Capital Work in Progress. These are stated at cost less any accumulated impairment losses. Capital Work in Progress is transferred to relevant assets category which are Property, Plant and Equipment, differed expenditure and expenditure incurred for Mega Projects, when it is in the location and condition for necessary it to be capable of operating of the manner intended by the Management.

(g) *Leasehold Assets*

Assets acquired under financial liabilities are capitalized & included under the category of leasehold motor vehicles with recognition of a corresponding financial liability. Assets held under financial liabilities are depreciated over their period of use.

(h) *Structures*

Fair Values of Structures have been assessed under seven main sub categories. All items and components connected with each main sub category are considered as forming part of one unit.

3.3

(a) *Investment Properties*

Investment Properties are stated at cost prevailed (cost model) as of the date of classifying the said assets under Investment Properties.

Investment Property is recognized if it is probable, that future economic benefits that are associated with the Investment Property will flow to the Board and cost of the Investment Property can be reliably measured. Properties held to earn rental income have been classified as Investment Property. Fair value of the investment properties are not measured and No valuation has been carried out by an independent valuer who holds recognized and professional qualification of investment property.

Investment properties are derecognized when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefits is expected from its disposal.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS (Contd.)

(b) *Depreciation (Amortization)*

Depreciation is calculated on the straight-line basis on the cost/valuation of the Investment Property other than land. Investment Property have been depreciated annually over the useful lives as follows.

<u>Class of Assets</u>	<u>Depreciation Percentage</u> <u>per annum</u>	<u>Period</u> <u>(years)</u>
Buildings	5	20

3.4 *Intangible Assets*

(a) *Recognition and Measurement*

Intangible assets that are acquired by the Board, which have finite useful lives are recognized and carried at cost less accumulated amortization and impairment losses.

(b) *Amortization*

Amortization is recognized in the Statement of Income and Other Comprehensive Income on a straight-line basis, over the estimated useful lives of intangible assets from the date that they are available for use.

<u>Class of Assets</u>	<u>Depreciation Percentage</u> <u>per annum</u>	<u>Period</u> <u>(years)</u>
Software License- Kiosk	5	20

(c) *Retirement and Disposal*

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and subsequent disposal.

3.5 *Inventories*

All inventories have been valued at lower of Cost or Net Realizable Value. Cost is determined based on First in First Out basis. (FIFO)

3.6 *Other Assets*

Other assets include Other Debtors, Receivables, Advances, Deposits and Prepayments.

(a) *Advances, Deposits, Prepaid Expenditure*

Expenditure which is deemed to have a benefit or relationship to more than one financial year is classified as advances, deposits and prepaid expenditure. Such expenditure is written off over the period, to which it relates, on a time proportion basis.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS (Contd.)

(b) Other Debtors

Other debtors are recognized at cost less impairment loss. A total of Rs.507,650.00 is reflected under Other Receivables as cash shortage at Head office. The Court Case is still pending.

3.7 Cash and Cash Equivalents

Cash and Cash Equivalents comprise cash in hand and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. These are held for the purpose of meeting short-term cash commitments.

3.8 Cash Flow Statement

The Cash Flow Statement has been prepared by using indirect method in accordance with the Sri Lanka Accounting Standard No. 7 (LKAS) on Cash Flow Statements.

3.9 Employee Benefits

(a) Defined Contribution Plans

Employees are eligible for Employees' Provident Fund (EPF) Contributions and Employees' Trust Fund (ETF) Contributions in line with the respective statutes and regulations. The Board pays fixed contributions of gross emoluments of employees to Employees' Provident Fund and Employees' Trust Fund and will have no legal or constructive obligation to pay further amounts.

(b) Defined benefit plans

Defined benefit plans are post-employment plans other than defined contribution plans. Board is liable to pay Gratuity in terms of the Payment of Gratuity Act No. 12 of 1983. A provision for the obligations under the Act is determined based on an actuarial valuation.

3.10 Liabilities & Provision

Liabilities & Provisions are recognized in the Statement of Financial Position when there is a legal /constructive obligation at present, as a result of past events where the settlement is expected to result in an outflow of resources embodying economic benefits.

Obligations payable on demand of the creditor or within one year of Statement of Financial Position date are treated as current liabilities in the Statement of Financial Position. Liabilities payable after one year from the Statement of Financial Position are treated as non-current liabilities in the Statement of Financial Position.

Other Liabilities

Other liabilities include other creditors including Accrued Expenditure. These are stated at their historical value which is deemed to be their fair value.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS (Contd.)

3.11 *Income Recognition*

Revenue from services/fees is measured at fair value of the consideration received or receivable. License Fee and Agreement processing Fees are recognized on cash basis.

- **Ground Rent**

Lease Agreements are signed with Investors to lease land belonging to the BOI for periods ranging from 30 years to 99 years. According to the provisions in the Lease Agreements the Investors are bound to pay a Ground Rent annually, in respect of the demised premises over the lease period or until the Agreement is terminated.

- **Annual Fees**

All BOI Enterprises which come under Section 17 of the BOI Law shall enter into an Agreement with the BOI and those Enterprises which operate outside BOI Zones are liable to pay an annual subscription in terms of the agreement until its closure, suspension of operations or cancellation of the Agreement.

- **Land Premium**

All Investors who enter into Lease Agreements to lease BOI land are required to make an upfront payment as Land Premium at the time of signing the Agreement. The above income is recognized over the lease period specified in the Agreement.

(a) *Interest Income*

Interest income for all interest-bearing financial instruments including financial instruments measured at fair value through profit or loss, are recognized within 'Finance Income' in the Income Statement.

(b) *Other Income*

Other income is recognized on an accrual basis.

3.12 *Expenses*

Expenses Recognition

(a) *Revenue Expenditure*

All expenses are measured at fair value of the consideration given and recognized in the period to which those expenses relate. The surplus earned by the Board as shown in the Income Statement is after providing for all known liabilities and for depreciation of Property, Plant and Equipment.

BOARD OF INVESTMENT OF SRI LANKA

NOTES TO THE FINANCIAL STATEMENTS (Contd.)

(b) *Capital Expenditure*

Expenditure incurred for the purpose of extending or improving assets of a permanent nature by means to carry on the organization or for the purpose of increasing the service/product capacity of the organization has been treated as Capital Expenditure.

Gains or losses, on the disposal of Property, Plant and Equipment, are recognized in the Statement of Profit or Loss and Other Comprehensive Income.

(c) *Finance Income and Finance Expenses*

Net Finance Income comprise of interest on funds invested/deposited, staff loan and interest on financial liabilities that are recognised in the Statement of Income and Other Comprehensive Income.

All interest and other costs incurred in connection with borrowings/finance leases are expensed as incurred, as part of Net Finance Income, except to the extent which is eligible for capitalization.

3.13 *Statement of Cash Flows*

The Cash Flow Statement has been prepared using the indirect method in accordance with the Sri Lanka Accounting Standard No. 7 – Statement of Cash Flows (LKAS 7).

3.14 *Related Party Transactions*

The relevant details are disclosed in the respective Notes to the Financial Statements.

3.15 *Taxation*

Income Tax is based on the elements of interest income as reported in the Financial Statements and computed in accordance with Provisions of Inland Revenue Act No.24 of 2017 and amendments thereto.

3.16 *Changes in Accounting Policies*

Property Plant & Equipment were previously not depreciated in the year of purchase and depreciation was charged in full in the year of disposal. This has been changed with effect from 01st January 2019 and depreciation is charged in the year of purchase when it's available for use.

Chairman

Board of Investment of Sri Lanka

Report of the Auditor General on the Financial Statements and Other Legal and Regulatory Requirements of the Board of Investment of Sri Lanka for the year ended 31 December 2021 in terms of Section 12 of the National Audit Act, No. 19 of 2018.

1. Financial Statements

1.1 Qualified Opinion

The audit of the financial statements of the Board of Investment of Sri Lanka ("Board") for the year ended 31 December 2021 comprising the statement of financial position as at 31 December 2021 and the statement of income, statement of changes in equity and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with provisions of the National Audit Act No. 19 of 2018 and Finance Act No. 38 of 1971. My report to Parliament in pursuance of provisions in Article 154 (6) of the Constitution will be tabled in due course.

In my opinion, except for the effects of the matters described in the basis for Qualified Opinion section of my report, the accompanying financial statements give a true and fair view of the financial position of the Board as at 31 December 2021, and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

1.2 Basis for Qualified Opinion

- (a) Although the 08 projects in 05 Zones valued at Rs. 134,775,645 had been completed and handed over to the Board and are also being used, the Board had not capitalized those assets and therefore the capital work-in -progress had been overstated and the property plant and equipment had been understated by that amount in contrary to the Paragraph 7 of Sri Lanka Accounting Standards 16 (LKAS 16) . Similarly, the depreciation had been understated by Rs. 4,990,565 and the surplus had been overstated by the same amount in contrary to the Paragraph 43 of LKAS 16 .
- (b) The Board had fully impaired the other debtors amounting to Rs.102,138,350 which has a pending litigation even though the case was in favour of the Board.
- (c) An amount of Rs. 185,178,544 of the Differed Revenue of Land Premium relating to 06 Enterprises which were closed/ cancelled its agreements with Board had remained in the account without revising as at 31 December 2021.
- (d) The depreciation and the accumulated depreciation amounting to Rs. 543,096 and Rs.2,926,681 respectively had been understated relating to the administration building of Horana Export Processing Zone.
- (e) A sum of Rs. 3,464,665, had been credited to Receipt in Advance Account relating to collection of income for the transfer of housing projects during the period of 2012- 2018 and it had been credited as miscellaneous income for the year 2021 without being considered as a prior year adjustment.
- (f) A sum of Rs.3,782,236 credited to receipt in advance account relating to ground rent, land premium and annual fee during the year 2015-2019 had been accounted as a miscellaneous income of the year 2021 without being considered as a prior year adjustment.

- (g) A refundable deposit amounting to Rs. 2,855,264 relating to a terminated company in the year 2011 had been taken into the income statement in the year under review without being considered as a prior year adjustment.
- (h) A sum of Rs.2,580,365 received for a land of an enterprise in November 2007 had been credited to the deposit against compensation account at that time and it was taken into account as a miscellaneous income of the year 2021 without being considered as a prior year adjustment.
- (i) An extent of 3.96 acres of land transferred to the Board as a free grant by the Government on 29 March 2018 had not been valued and taken into accounts as at 31 December 2021.
- (j) The roads of Mirijjawila Export Processing Zone valued at Rs.516,964,285 included in the Capital Work- In- Progress (CWIP) had not been transferred to structures in property plant and equipment even though the Project was completed in December 2017. Hence, the depreciation had been understated by Rs. 25,848,214 for each year since 2017 . Further, the balance payable to the Road Development Authority for the construction of road amounting to Rs.130,383,717 had not been taken into accounts as at 31 December 2020.

I conducted my audit in accordance with Sri Lanka Auditing Standards (SLAuSs). My responsibilities, under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

1.3 Other information included in the Board's 2021 Annual Report

The other information comprises the information included in the Board's 2021 Annual Report but does not include the financial statements and my auditor's report thereon, which I have obtained prior to the date of this auditor's report. Management is responsible for the other information.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work I have performed on the other information that I have obtained prior to the date of this auditor's report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

1.4 Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Board's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Board or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Board's financial reporting process.

As per Section 16(1) of the National Audit Act No. 19 of 2018, the Board is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable annual and periodic financial statements to be prepared of the Board.

1.5 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Board's

ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Board to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

2. Report on Other Legal and Regulatory Requirements

- 2.1** National Audit Act, No. 19 of 2018 includes specific provisions for following requirements.
- 2.1.1** Except for the effects of the matters described in the basis for Qualified Opinion section of my report, I have obtained all the information and explanation that required for the audit and as far as appears from my examination, proper accounting records have been kept by the Board as per the requirement of section 12 (a) of the National Audit Act, No. 19 of 2018.
- 2.1.2** The financial statements presented is consistent with the preceding year as per the requirement of section 6 (1) (d) (iii) of the National Audit Act, No. 19 of 2018.
- 2.1.3** The financial statements presented includes all the recommendations made by me in the previous year except the audit matters of 1.2 (j) as per the requirement of Section 6 (1) (d) (iv) of the National Audit Act, No. 19 of 2018.

2.2 Based on the procedures performed and evidence obtained were limited to matters that are material, nothing has come to my attention;

2.2.1 to state that any member of the governing body of the Board has any direct or indirect interest in any contract entered into by the Board which are out of the normal cause of business as per the requirement of section 12 (d) of the National Audit Act, No. 19 of 2018.

2.2.2 to state that the Board has not complied with any applicable written law, general and special directions issued by the governing body of the Board as per the requirement of section 12 (f) of the National Audit Act, No. 19 of 2018 except for;

Reference to Law/ Direction	Description
(a) National Environment Act No.47 of 1980	Seven enterprises in Wathupitiwala Zone and 04 enterprises in Mirigama Export Processing Zone had not obtained Environmental Protection Licenses and 03 enterprises in Mirigama Zone had not renewed their Environmental Protection Licenses.
(b) Financial Regulation of Democratic Socialist Republic of Sri Lanka	
(i) Financial Regulation 103,104 and 1642	Reporting to police and carrying out preliminary investigations had not been carried out on 15 vehicle accidents occurred in the year 2021 .

(ii) Financial Regulation 110	A register for losses and damages had not been properly maintained.
(iii) Financial Regulation 1645 (a) and (b)	Vehicle log books had not been maintained in accordance with the Regulation and the daily running charts had not been presented to audit as per the Regulation.
(c) Finance Act No. 38 of Section 11	The Board had invested Rs.5612 Million by the year 2021 without obtaining the approval of the appropriate Minister given with the concurrence of the Minister of Finance.
(d) Department of Public Enterprises Circulars	
(i) No.95 of 14 June 1994	A number of 10 allowances amounting to Rs. 666,716,143 and 13 loan and welfare schemes amounting to Rs.420,800,245 had been implemented during the year under review without obtaining approval of Treasury.
(ii) Section 3.1 of No. PED/2015 dated 25 May 2015 , PED/2015 (i) dated 26 October 2016	<ul style="list-style-type: none"> Contrary to the Circular, the fuel limits had been changed as follows. Chairman – As required Director General- 300 litres

and Section 1.2 of PED
01/2020 dated 27
January 2020

Executive Director- 170 litres
Directors – 140 litres

- Contrary to the Circular, a monthly driver allowance of Rs.35,000 totalled to Rs. 11,134,215 had been paid for 33 officers to whom entitled for an official vehicle.

**(e) Department of Management
Services Circulars**

Section 14.1 of No.
02/2016 dated 25 April
2016

A sum of Rs. 10,704,620 had been paid as special allowance to 242 officers in 21 Tertiary Level posts which is not entitled to be paid.

2.2.3 to state that the Board has not performed according to its powers, functions and duties as per the requirement of section 12 (g) of the National Audit Act, No. 19 of 2018 except for;

- Although the then Ministry of the Board had granted Rs. 1988 Million to commence an Export Processing Zone in Milleniya in 2017,2018 and 2019 , it had not been commenced even by the end of the year under review.
- The total acres of land belonging to the 14 Zones of the Board from year 1983 up to 31 December 2021 was 4045 acres and out that 721.5 acres of land were in vacant without being utilized.
- The Board had paid Rs. 4,384,440 during the year under review for the supply of water to Wathupitiwala Zone through water bowsers due to the actions had not been taken to supply water in timely manner through National Water Supply and Drainage Board.

2.2.4 to state that the resources of the Board had not been procured and utilized economically, efficiently and effectively within the time frames and in compliance with the applicable laws as per the requirement of section 12 (h) of the National Audit Act, No. 19 of 2018.

3. Other Matters

(a) The general projects and special projects valued at Rs. 568,142,375 and Rs. 224,192,401 respectively represented 63.6 per cent and 91 per cent of each total Capital Work-In -Progress had remained unchanged for more than 4 years without taking actions to complete.

(b) Although the installation of Integrated Accounting Software System had to be completed in April 2019 , it had not yet been completed and an additional expense of Rs. 3,750,000 had to be incurred as at 31 December 2021.

(c) The number of enterprises which had signed agreements as at 31 December 2021 in 14 Zones of the Board was 740 since the inception and the number of closed, suspended or agreement cancelled enterprises was 440 as at the end of the year under review. Therefore, only 285 enterprises have been functioning by the end of the year under review since inception.

(d) The progress of the Foreign Direct Investments (FDI) during past three years as compared to the year under review were as follows.

Year	Annual Target as per Corporate Plan (USD Mn.)	Actual Achievement (USD Mn.)	Actual Achievement as a percentage of Annual Target (%)
2021	1,100 -1,300	780	60
2020	5,000	687	14
2019	3,000	1,189	40
2018	2,500	2,367	95

- (e) A company had signed an agreement in 2018 and defaulted its ground rent amounting to Rs. 97,788,426 since the inception. The Board had made a 100 per cent impairment against the aforesaid balance without making any effort to obtain the dues from the Company.
- (f) The dues from Board approved enterprises as at December 2021 was Rs. 737,308,534 and out of that a sum of Rs. 170,396,676 or 23 per cent had remained for more than 04 years. The provision for impairment on dues was Rs. 418,846,474 and it had represented 57 per cent of total dues as at 31 December 2021 .
- (g) Within the balance of staff loan and advances amounting to Rs.776,797,006, there was a sum of Rs.1,222,035 receivable from 25 officers who had been interdicted, vacated on post and stop payment for more than 04 years as at 31 December 2021.
- (h) The Board had rented out 02 floors of Head Office building to 03 Ministries and the Zone buildings to external parties .The following observations were made.
- (i) Even though the 40 external parties including a State Ministry are using 43,931.59 square feet of the Head Office building of the Board and Zone premises for a Rs. 16,446,233 per month , agreements had not been entered into.
- (ii) Due to failure to send invoices to two Ministries on time, a total rent of Rs.13,466,838 could not be collected and a sum of Rs.4,934,018 had not been recovered from a State Ministry since August 2020.

- (i) The approved cadre of the Board was 1,299 and the actual cadre was 1253 . The number of vacancies were 128 and the excess staff was 82 including 07 contract basis positions. However, 09 officials recruited as 'Special Team' was not included in the actual cadre. Further, the total personnel cost of the Board was Rs. 2091.8 Million for the year under review and it represents 62 per cent of the total cost.

W.P.C. Wickramaratne
Auditor General

**THE REPLY OF THE BOI
FOR THE REPORT OF THE
AUDITOR GENERAL**

2021

Report of the Auditor General on the Financial Statements and Other Legal and Regulatory Requirements of the Board of Investment of Sri Lanka (BOI) for the year ended 31 December 2021 in terms of Section 12 of the National Audit Act, No. 19 of 2018

1.2 Basis for Opinion

(a)

Zone	Description	Comment
SEPZ	Emptying & Clearing of Equalization Tank	Capitalized in 2022
	Construction of Sanitary Land filling site in Lot G2 Phase 2 at SEPZ	Capitalized in 2022
MEPZ	Water Retention Tank	Final payment was made in year 2022 and to be capitalised in the same year.
WEPZ	Consultancy Fee Augmentation	Contract for Augmentation of Common Wastewater Treatment Plant has been completed. Final claim is being scrutinized and after finalizing the final claim, Consultancy and Construction work of Augmentation of Common Wastewater Treatment Plant will be capitalized.
	Augmentation of Common Waste Water Treatment Plant	
MjEPZ	Electricity Connection (To a company)	Capitalized in year 2022
Eravur	Preliminary construction works of Internal Roads at Textile Manufacturing Zone at Panakada, Eravur, Baticaloa	Final payment of the project has been made recently and the project will be capitalized.
	Excavation of Earth Drains for Storm Water Drainage Stage I at Textile Manufacturing Zone	Final payment has been made on 04.04.2022 and it has been capitalized in year 2022.

- (b) The Case No. CA/RI/08/2016 filed by BOI, seeking to get released a sum of Rs.102,138,350/- seized by the Commercial High Court from a BOI account for the enforcement of an arbitral award pronounced against the BOI, (the said Arbitral Award was declared as a forged document in the High Court in 2020), is still being heard.

Therefore, a 100% provision has been made since the credit risk is high as the judgement of the Court Case is still pending.

(c) ▪ **Orient Garments (Pvt) Ltd - Rs. 3,141,609.14**

The Agreement of this enterprise has been cancelled on 11.06.2021 & it would be adjusted in year 2022.

▪ **Fairway Aviation Academy (Pvt) Ltd - Rs. 3,604,698.20**

BOI has invoiced for the Ground Rent for the 1st half of year 2021 & the company has settled the same. It would be adjusted in year 2022.

- All the Enterprises mentioned below, have failed to implement the respective projects due to various reasons. Hence adjustments would be made in year 2022 with the approval of Board with regard to the balances appearing in the Differed Land Premium Account after a final decision is made on the numerous requests made by these enterprises.
 - Lankaal Industries (Pvt) Ltd
 - Suchirindia Lankan Hotels & Resorts (Pvt) Ltd
 - Micro Cars International Consortium (Pvt) Ltd
 - Uclan Lanka (Pvt) Ltd

(d) Noted.

- (e) These amounts have been identified in year 2021 as payments in excess & transferred to the income account in year 2021.

It is not an income pertaining to a previous year, whereas it has been identified in year 2021 as an amount which can be treated as an income, hence such amount has been credited to miscellaneous income of the same year 2021, instead of the Accumulated Fund.

- (f) These are excess payments done by various enterprises during the last few years which have been identified in year 2021 & considered as income in the same year; hence the reason for accounting treatment is as same as mentioned in 1.2(e) above.

- (g) The refundable deposit of Rs 2,855,264 paid in year 2003, by an enterprise was credited to the revenue in year 2021 since it has remained without being refunded and the Agreement had been terminated in year 2011.

(h) Noted.

- (i) The ownership of this land in extent of 3.96 acres was transferred to BOI as a Free Grant on 29.03.2018. Government Valuation was obtained for the purpose of leasing the land to the investor. However, the undeveloped land value was not provided in the said valuation other than the valuation required to calculate the lease rental. Request has been sent to the Valuation Department to obtain the land value to be included in the Asset Register.

- (j) Final payment of the contract has not been made to Road Development Authority due to contract disputes. This matter has been reviewed in the past and the cost of the road could be capitalized only after the disputes are resolved. This will be further reviewed in detail during the financial year 2022.

The Contract for the construction of the Internal Road Network at Mirijjawila Export Processing has been awarded to Road Development Authority and contract disputes have arisen due to the poor quality of the construction work done by RDA, as all the internal roads constructed by RDA have been damaged and not in a usable condition.

In such a situation, the Board is not in a position to make a provision for the amount claimed by RDA. Liability cannot be determined due to the contract disputes between the Board and the RDA.

- As per the LKAS 37, it is not required to make a provision, in the case of such a situation
- An outflow of Cash/Economic Benefits cannot be expected due to the unusable condition of the Internal Roads
- There is no constructive obligation to accept responsibilities of the payment.
- There is no contract obligation due to breach of contract conditions.
- A reliable estimate cannot be made due to the uncertainty of the negotiations
- There is no agreement between the parties on the settlement.

Hence a provision has not been made in the Financial Statements for the year ended 31st December 2021.

2. Report on Other Legal and Regulatory Requirements

2.2.2 Non-compliances with written laws, general and special directions issued by the Board

	Reference to Laws, Rules, Regulations and Directions Made by Governing Body	Description	Reply
(a)	National Environmental Act No. 47 of 1980	07 enterprises of Wathupitiwala EPZ & 04 enterprises of Mririgama EPZ had not obtained EPL 03 enterprises of Mirigama EPZ had not renewed EPL	Industries in these three zones are either in possession of EPLs or under the renewal process. Please note EPLL are issued for maximum validity period of one year and hence it is a continuous process.
(b)	Financial Regulation of Democratic Socialist Republic of Sri Lanka		
(i)	Financial Regulation 103, 104 & 1642	Reporting to police and carrying out preliminary investigations had not been done w.r.g. to 15 vehicle accidents occurred in the year 2021	<p>The BOI prepares the preliminary reports on vehicle accidents, however due to the practical reasons given below, there may be deviations.</p> <p>The vehicle accidents during the year 2020 were very minor nature (except one) and those were occurred due to the fault of other drivers and hit the rear side of the BOI vehicles. In many occasions at the time of the accident, an officer/officers were traveling in the vehicle, and in most cases, the transport officer had inspected the place of the accidents. As the cause for the accidents were clear, the officers came in to the conclusion that no need to proceed on the inquiry. Further, in all possible occasions, BOI had made complaints at nearest police stations.</p> <p>BOI follows the conditions stipulated in the Financial Regulations 104(3) and 104(4). A Committee had been appointed comprising Director (Finance), Director (Internal Audit), and Director (Technical Services) to inquire the vehicle accidents and to recover the cost to the BOI. When it is clear that the accident occurred due to misconduct of employees of BOI, disciplinary actions are taken against them.</p> <p>BOI will fully adopt the procedure stipulated in the given Financial Regulation with regard to vehicle accidents in future.</p>

	Reference to Laws, Rules, Regulations and Directions Made by Governing Body	Description	Reply
	(ii) Financial Regulation 110	Register for losses and damages had not been properly maintained.	A comprehensive record will be maintained.
	(iii) Financial Regulation 1645 (a) & (b)	Vehicle log books had not been maintained and the daily running charts had not been presented to audit	Actions are being taken to update vehicle log Books and daily running charts will be submitted to the Government Audit on monthly basis.
(c)	Finance Act No. 38 of 1971		
	Section 11	The Board had invested Rs.5,612Mn by year 2021 without obtaining the approval of the appropriate Minister given with the concurrence of the Minister of Finance.	<p>Guidelines on Corporate Governance for State Owned Enterprises (SOE) and an Operational Manual has been published by the Public Enterprises Department of the Ministry of Finance with a view to address the demands of SOEs for urgent structural changes in their operations in line with the modern practices and market requirements.</p> <p>According to para (v) of Item 6.2 on Investment of Surplus Funds, in Chapter 6 of the Operational Manual for State Owned Enterprises, SOEs with an average revenue of less than Rs. 30 billion in the last two years, could invest its surplus funds in Government Owned Banks and in Government Securities if such entity has not been supported in meeting its recurrent expenditure through budgetary allocations.</p> <p>Since the BOI is a self-financed institution and it is not supported through budgetary allocations, the BOI could invest its surplus funds in Government Securities as per the above directive of the Ministry of Finance.</p>
(d)	Department of Public Enterprises Circulars		
	(i) No. 95 of 14 June 1994	10 allowances and 13 loan & welfare schemes had been implemented without proper approval.	<p><u>10 Allowances paid without proper approval (Rs. 666,716,143/-)</u></p> <p>With the introduction of the open economic policy in 1978, Sri Lanka began to experience new development in the economy with key initiatives of implementation of an open trade policy, industrial development and attraction of foreign direct investment. The purpose of attracting foreign investment was to re-orient the agriculture based economy in to a new direction, to an</p>

	Reference to Laws, Rules, Regulations and Directions Made by Governing Body	Description	Reply
			<p>industrial production based economy. The Government formulated policy to attract foreign direct investment and also established a specialized agency for the same purpose. The Greater Colombo Economic Commission (Re-structured in 1992 as the Board of investment of Sri Lanka) was the said organization constituted under the Act No. 4 of 1978.</p> <p>As the apex agency of the government promoting and facilitating foreign direct investment and private sector capital formation in priority sectors of the economy, the BOI has made a significant contribution to develop the economy of the country from its inception in year 1978 and the workforce of the BOI has made a huge contribution by giving their maximum capacity to the organization in achieving its corporate objectives.</p> <p>In order to achieve its objectives, undoubtedly the BOI should have highly qualified and motivated staff. To motivate & retain the existing staff in the organization as well as to attract highly qualified staff to the organization, BOI salary scales were higher when compared to those in the public service and other state owned organizations at the time of its establishment. In addition, various allowances/ payments were approved for BOI employees from time to time by various authorities from its inception (e.g. H.E the President, Secretary to the Treasury, Board of Directors, Government Circulars, etc.) as follows.</p> <ul style="list-style-type: none"> ▪ Leave Encashment - 1979 ▪ Uniform Allowance - 1981 ▪ KPP Allowance/ Attendance incentive - 1990 ▪ Transport Allowance - 1990 ▪ Professional Allowance - 1991 ▪ Risk Allowance - 1995 <p>BOI is functioning as a hybrid organization having professionalism, efficiency and customer orientation like a private sector institution along with the authority, responsibility and security of a Government sector organization. Therefore, it is unique to any other organization in the country and should have a highly qualified staff unlike any other ordinary organization. For an example BOI is the only investment promotion agency in South Asia that directly provides custom services to the investors. Further, BOI is vested with the task of managing 14 Export Processing Zones/ Industrial Parks. Therefore, it is a distinct advantage of payment of allowances and other fringe benefits to employees to attract qualified professionals to the organization by giving an attractive package to the right person in par with the job market conditions. In the context, Management has introduced allowances/ payments from</p>

	Reference to Laws, Rules, Regulations and Directions Made by Governing Body	Description	Reply
			<p>time to time since 1979 as a part and parcel of the benefit package.</p> <p>It may be noted that most of the allowances queried by the National Audit Office being paid for the staff members over a period of 25 years and had been advertised as privileges when recruiting for BOI vacancies. Therefore, it is not possible to withdraw the existing privileges which had been paying since long ago. Further, as an organization with self-generated funds, the BOI never burdened to the Treasury for its recurrent expenditure including salaries and other allowances.</p> <p>As the National Audit Office has been repeatedly raising the same query, we have submitted this matter to Department of Management Services by letter dated 24.07.2020 and requested the approval for the allowances being paid to the employees of the BOI, but their decision is pending to-date.</p> <p>This matter has been queried again at the COPE meeting held on 11.11.2021 and directed the BOI to get the concurrence of Ministry of Finance and regularize the allowances being paid to the employees of the BOI. Accordingly, the Treasury approval has been requested by letter dated 02.12.2021 and BOI is pursuing to obtain a response for the same.</p> <p><u>13 Loans & Welfare Schemes implemented without proper approval (Rs. 420,800,245)</u></p> <p>Loans and several other Welfare Schemes in the Organization were implemented from its inception in 1978 identifying the necessity of such Schemes to patronize employees in their critical situations. Such loans and Welfare Schemes were approved by the Board of Directors time to time as follows.</p> <ul style="list-style-type: none"> ▫ Distress Loan Scheme - 1979 ▫ Festival Advance Scheme - 1979 ▫ Medical Scheme - 1980 ▫ Bicycle Loan Scheme - 1981 ▫ Death Donation Scheme - 1993 ▫ Housing Loan Scheme - 1994 ▫ Vehicle Loan Scheme - 1995 ▫ Life Insurance Scheme - 1996 ▫ Payment of one year salary of demise employee - 1996 <p>It may be noted that all the loans are given through a proper procedure with signing of agreements and bonds ensuring the recovery of respective loans with relevant interests.</p>

	Reference to Laws, Rules, Regulations and Directions Made by Governing Body	Description	Reply
			Subsequently, the said loans and welfare schemes were comprised in to the Human Resource Policy Manual of the BOI which was approved by the Board of Directors on 20.03.2007. Approval for the Human Resources Policy Manual of the BOI was requested from the Department of Public Enterprises on 10.03.2014. Several reminders in this regard have been sent and the BOI is pursuing to obtain response for the same.
	(ii) Sec 3.1 of No. PED/2015 dated 25 May 2015, PED/2015(i) dated 26 October 2016 and Section 1.2 of PED 01/2020 dated 27 January 2020	Changed fuel limits contrary to the circular Monthly driver allowance Rs.35,000/- paid to 33 officers	<p>The given fact is correct. However, during the last couple of years, the Chairman of BOI has not used the BOI vehicle or not obtained fuel from BOI. The Board of Directors has decided the fuel limits for senior officers by critically analysing the extensive travel requirements (visit to zones, meetings, site inspections, conferences etc.) of senior officers of the BOI.</p> <p>The Public Enterprises Circular No. PED 1/2015 of May 2015 states that entitlement of the fuel allowances is granted to the Officers above the category HM-1-1.</p> <p>However, the Directors of BOI are in the Grade of HM 1-3, and Executive Directors are in the Grade of HM 2-1. Considering the differences of grades, the fuel limits were decided by the BOI in accordance with the previous circulars of the Department of Public Enterprises.</p> <p>In the year 2003, the Board of Directors of the BOI has decided to pay Rs.15,000/- monthly allowances for a hired Driver in lieu of a BOI Driver. The Board had taken the decision to pay for hired drivers aiming to utilize the BOI Drivers for project inspections, monitoring, and other necessary transport activities. Also the decision for payment of hired drivers has a considerable cost beneficial impact to the BOI.</p> <p>Since this payment prevailed at the same rate for 15 years, the Board has decided to increase the rate in the year 2020. The Board took the decision for hired drivers in the year 2003 and it is clear that the Board Decision does not have a relationship with the PED circular issued in the year 2015.</p>
(e)	Department of Management Services Circulars		
	Section 14.1 of No. 02/2016 dated 25 April 2016	Special allowance paid to 242 officers in 21 tertiary level posts	Executive category of the Board was started from the post of Executive Assistant from the inception of the organization in 1978 and graduates, professionals (Lawyers/ Engineers/ Architects/ Accountants etc.) and Management Trainees started their career at the BOI as Executive Assistants. They were entitled to all the rights of executives and recognized as executive of the Board.

	Reference to Laws, Rules, Regulations and Directions Made by Governing Body	Description	Reply
			<p>However, at the salary restructuring in 2006 under Management Services Circular no. 30 and 30(1) said Executive Assistants were placed under Junior Manager (JM) category despite their career as executives in the Board as well as the practice followed in the Board over a period more than 25 years.</p> <p>This has created a huge unrest among the affected employees and then Management has issued a letter emphasizing that the posts they were holding in the Board is considered as an Executive grade post with all rights and benefits eligible for the Executive grade posts. Accordingly, all the officers in Junior Manager category of BOI are entitled for the benefits declared for Executive grade posts by the government.</p> <p>Subsequently, Ministry of Public Administration, Local Government and Democratic Governance has issued the Public Administration Circular No. 18/2015 dated 26.06.2015 regarding the Payment of a Special Allowance for officers holding posts of Executive Services Category in the Public Service with effect from 01.07.2015.</p> <p>Executives of BOI staff are fallen under three (03) categories, namely; Junior Manger (JM), Middle Manager (MM) and Senior Manager (HM). Accordingly, Board of Directors of the BOI at its meeting held on 07.07.2015 has granted approval for the payment of Special Allowance to the Executive Staff comprising Junior, Middle and Senior Managers as per the Public Administration Circular No. 18/2015 of 26.06.2015.</p> <p>According to the Public Enterprise Circular No PED/40 dated 27.09.2006 issued by the Secretary to the Treasury, Public Administration Circulars would be relevant to Public Enterprises only when such circulars are specifically made applicable to them. In the context, it is evident that the BOI has obtained proper approval form the Board of Directors appointed by H.E the President to apply the Public Administration Circular No. 18/2015 of 26.06.2015 to its staff prior to issue the Management Services Circular No. 05/2017 dated 25.10.2017 and the respective payments were being made over a period of two (02) years at the time of issuing said Management Services Circular.</p>

2.2.3 Performance

- (a) Horana Plantations PLC (Lessee of the land) has filed a case against Ministry (Ministry of Development Strategies & International Trade) to prevent acquisition of land on 24.05.2019 which is still unsettled. Hence providing on site infrastructure facilities for Milleniya zone was temporarily suspended since 24.05.2019.
- (b) BOI is continuously taking the steps to promote the vacant lands among the investors based on the following advantages, giving priority to drawing attention of potential investors with maximum investment quantum and export orientation to utilizing BOI Zonal land for investment activities in order to gain a maximum benefit/return:
- Dealing with the BOI as the sole entity for all location related approvals expedites the project implementation process
 - BOI can provide end to end facilitation from project evaluation to commercialization for projects within a Zone
 - Ongoing facilitation such as import/export/customs clearance is accessed by the enterprise with ease within a Zone

Further, the vacant land details are included in the Land Bank and also as a new strategy, BOI is communicating with the existing investors to promote zonal lands.

Therefore first preference is given to promoting BOI Zonal lands for investments, and this will gain more momentum as the BOI continues to develop new industrial space.

- (c) Water demand of WEPZ is approximately 1400m³ per day. However, NWS&DB is able to supply only 700m³ per day and the supply is mostly done only during the night times when the water demand of the general public is minimum.

There are no reliable water sources close to the zone to implement a new Water Supply scheme. Therefore, the zone management has arranged to supply water from hired bowzers and the water bowser available at the zone from Mirigama EPZ and NWS&DB Veyangoda Water Supply Scheme whereas factories with high demand of water have managed to deploy their own bowzers to transport water from the above two locations.

BOI has requested NWS&DB to fulfil water demand of the zone on several occasions. Accordingly, NWS&DB has agreed to supply 2000 m³ per day from the proposed Karasnagala Water Supply Scheme which was proposed to be implemented from 2019.

3 Other Matters

- (a) The remaining balances (both general and special project values) will be reviewed in detail for suitable action to adjust amounts in the current financial year except for the following two projects.

▪ Galle Road - Rs. 5,034,813.83 (Former Cashew Corporation land at Colombo 03)

The land in extent of 52.92 perches was purchased by Board of Investment of Sri Lanka at a cost of Rs. 278,263,250.00 in 2006 from the Ministry of Plantation Industries (former Cashew Corporation land and building at Colombo 03) and BOI has also incurred a sum of Rs. 5,034,813.83 for preliminary works. Subsequently this land was acquired to the state through the Revival of Underperforming Enterprises or Underutilized Assets Act No. 43 of 2011. The ownership of the said land was transferred to UDA as per Cabinet decision dated 01.02.2012. Within the provisions of the said act a claim for compensation for Rs. 423.36 Mn. was lodged by BOI to Compensation Tribunal and Compensation Tribunal had determined the said claim of Rs. 423.36 Mn.

UDA had settled an amount of Rs. 300 Mn to BOI and Rs. 123.36 Mn. is pending from UDA at the end of April 2022 that will be paid in instalments.

▪ Milleniya Rs. 500,000.00 (Proposed Milleniya Industrial Zone)

As per the request of Central Environmental Authority an amount of Rs.500,000/- has been deposited as administrative charges to follow the EIA procedure for the above zone.

Horana Plantation PLC have filed a case against the issuing Section 38 at the Court of Appeal on 27.05.2019.

The above payment made to CEA could be used for the EIA scope once the land is vested with BOI in due course.

- (b) Even though it was planned to complete the ERP Implementation within a period of 9 months according to the original Project Implementation Plan, the project milestones could not be completed as planned, due to the complexity of the ERP solution expected by the BOI, the necessity to integrate the proposed system with the related internal systems on an online real time basis and the impact of the outbreak of COVID-19 pandemic in 2020 and 2021.

Our main concern is the successful implementation of this Project and the delays are due to the complexities involved and the magnitude of the Project.

However, we have completed the Key User Training & the End User Training. A meeting was called to discuss the project status after the appointment of the present Chairman & all relevant parties agreed to the tentative plan presented by the Implementation Partner, to start the UAT in June 2022 & Go – live by July 2022.

- (c) The BOI facilitates the enterprises located within zones with its maximum effort ensuring seamless functioning of these projects since they are functioning in an area under the management of BOI.

It is to be noted that, the 440-agreement cancelled, closed or operation suspended projects mentioned above, span for 43 years from inception to date (1978-2021). Also,

this list of 440 projects include 86 projects that have either merged with another company or takeovers which means they are technically operative.

Reasons for balance 354 agreement cancelled, closed or operation suspended projects includes non-compliance with the agreement, lack of orders, financial constraints, liquidation of companies most of which are beyond the facilitation limits of BOI.

- (d) The FDI targets set for 2018 to 2020 is depicted in the Corporate Plan 2017-2020 under two scenarios, i.e.

Scenario 1 - under normal situation and

Scenario 2 - under better investment environment

Due to the prevailed investment environment it is prudent to adhere to the Scenario 1 which clearly set the targets as follows;

2018	- US\$ 1,600Mn
2019	- US\$ 1,800 Mn
2020	- US\$ 2,000 Mn

Further, considering the adverse impact to the investment environment during 2019 (Easter Sunday Attack and 2020 (COVID pandemic) the set target under the normal scenario for 2020 was revised from July to December period and the new target set for 2020 was to US\$ 0.9 - 1.1 Mn. Considering the continued impact of COVID pandemic, the FDI target for 2021 was set as US\$ 1.1 to 1.3Mn.

- (e) The company has defaulted the payment of Ground Rent by challenging that the BOI has still failed to discharge its obligations in terms of the Agreement and that they would make the due payment of Ground Rent only after the preconditions are fulfilled.

Hence, considering the high credit risk BOI has made a 100% provision for impairment.

- (f) Financial assets are reviewed at each Statement of Financial Position date, to determine whether there are any expected credit losses. If any such indication exists, the asset's recoverable amount is estimated. The Board measures the Expected Credit Losses based on an evaluation across all categories of financial instruments. These estimates are driven by a number of factors such as time value of money, breach of condition of contract, customer situation analysis, sub group of receivables, payment profiles of debtors, collateral values, the assessment of a significant increase in credit risk, financial difficulties of the customers, legal issues, reasonable and supportable information and forecasts of future economic conditions.

An impairment loss is recognized whenever the carrying amount of an assets or its cash generating units exceed its recoverable amount. Impairment losses are recognized in the Income Statement.

(g) Actions are taken to recover the staff loans in the events of interdictions, vacation of posts and stop payments are mentioned below.

- Interdiction - If the interdiction is on the basis of half payment of salary, loan instalments are recovered from the respective employee
If the interdiction is on the basis of without payment of salary, recovery of loan instalments are temporarily suspended
- Vacation of post - Employee should settle the outstanding loan amount. If the employee fails to do so, sureties of the respective loan are liable to settle the loan
- Stop payment - During the period of stop payment, recovery of loan instalments are temporarily suspended

Accordingly, recovery actions have already been taken with regard to the cases highlighted in the query as above and are in progress at present.

It may be noted further there was a sum of Rs. 2,914,000/- receivable for more than 04 years from 26 officers who had been interdicted, vacated on post, stop payment and released to foreign service as at 31.12.2020 and due to the recovery actions taken by the Board (recovering Rs. 1.692 Mn), the said amount has been reduced to Rs. 1,222,035/- as at 31.12.2021.

(h) Rented out floors and buildings

- (i) The Ministry of Batik, Handloom Textile & Local Apparel Productions utilize only a floor area of 3800 sq.ft. Though the Ministry has not signed the Lease agreement they settled the monthly rent.

The status of the Zonal buildings rented out to external parties are given in **Annexure 1**.

- (ii) As per the instructions given by the Secretary to the President, three offices of the Ministries (Ministry of Tourism, State Ministry of Batik, Handloom & Local Apparel Industries, State Ministry of Aviation Services and Export Zone Development) have been established at BOI owned floors of the WTC Building at Level 25 & part of Level 27 on lease basis. The Ministries were informed to sign the Lease Agreements with BOI.

The Ministry of Tourism has requested to reduce the rent. Then this year the Ministry of Tourism & State Ministry of Aviation & Export Zones Development signed the Lease Agreements and BOI has sent the invoices in time. However the Ministries settle the invoices once the funds are received from the General Treasury.

State Ministry of Batik and State Ministry of Aviation have settled the Rent for the year 2021 in full.

By now, the State Ministry of Aviation & Export Zone Development has paid the rent up to March 2022.

At present, only a sum of Rs 1,000,000/- is due in respect of the year 2021 from the Ministry of Tourism.

- (i) Arrangements were made to fill 67 vacancies during the first 04 months of 2022. However, all the recruitments have been temporarily suspended in accordance with the instructions of National Budget Circular No. 03/2022 dated 26.04.2022 issued by the Ministry of Finance.

All the excess employees in the Management Assistant and Primary level are Casual/ Contract basis employees who were absorbed in to the permanent cadre on 01.09.2019 as per the Public Administration Circular No. 29/2019 dated 18.09.2019 issued on a Cabinet decision. Accordingly, the total cadre has been increased to 1486. As per the circular guidelines the details of absorbed employees were submitted to the Department of Management Services on 29.11.2019 in order to update the cadre of the BOI.

Zonal buildings rented out to private parties

EPZ/ IP	Sq. Ft.	Name of Lease	Period	Annual Rent (Rs)	Response
KEPZ	625	Sri Lanka Telecom PLC	01.04.2019 - 31.03.2022	487,500/-	Ready to sign Lease agreement

REPORT OF THE AUDIT COMMITTEE

The Audit Committee was constituted in accordance with the provisions in the Public Enterprises Circular PED 55 dated 14.12.2010.

Audit Committee comprised of following members;

1. Chairman - Mr Sanjay Kulatunga (Member of the Board of Directors of BOI)
2. Member - Dr Harsha Subasinghe (Member of the Board of Directors of BOI)
3. Member - Dr Harsha Cabral (Member of the Board of Directors of BOI)
4. Member - Mr Jayamin Pelpola (Member of the Board of Directors of BOI)
5. Observer - Dr M K C Senanayake (Representative of Treasury)
6. Consultant - Mr V Kanagasabapathy (Voluntary Consultant to the Audit Committee)

Director (Internal Audit) convened the Audit Committee meetings and acted as the Secretary to the Committee.

Superintendent of Audit represented the Auditor General at the Audit Committee meetings as an observer.

Compliance with scope and responsibilities of the Internal Audit was confirmed by the Committee through continuous coordination with the Internal Auditor and reviewing and approving the Annual Action Plan.

During its meetings, the Audit Committee paid special attention to the following areas;

- (a) Financial Statements for the year ended 31.12.2020 and 1st half of year 2021.
- (b) Draft Report of Auditor General for year 2020
- (c) Detailed Management Audit Report of the Auditor General for year 2019
- (d) Internal Audit Reports for year 2020 and the 1st half of year 2021, and the Compliance Report 2020
- (e) Reports on status of dues, vehicle accidents etc.
- (f) Current status of COPE directives

The Audit Committee extensively reviewed the reply for the draft report of the Auditor General for year 2020 in the presence of the relevant departments/zones, giving due consideration to the comments therein and advising/directing for further amendments to the drafted replies with a view of improving compliance and avoiding/minimizing the reported deficiencies.

Also, the Committee reviewed Internal Audit Reports and the Compliance Report and evaluated the status of internal controls being imposed, corrective/preventive measures and the follow up actions taken with regard to reported observations and the extent of compliance with regard to laws, rules, regulations, directions etc. during period under review.

Further, the Audit Committee played an advisory role in the Board by reviewing financial statements and making recommendations to the Board of Directors.

Despite of the adverse effects of the Covid-19 pandemic throughout the year, four (04) Audit Committee meetings (including virtual meetings) were held for year 2021 in compliance with the circularized guidelines of the Department of Public Enterprises.

The Audit Committee was of the view that terms of references for the Committee were complied within all material aspects.

SENIOR OFFICERS OF BOI AS AT 31.12.2021
